SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)**3.6 Miscellaneous Rates and Charges**

(N)

The following charges may be billed based on mutual agreement between the Company and the Confinement Institution.

3.6.1 Billing Cost Recovery Fee

In order to partially offset increased expenses associated with billing calls via local exchange carriers, an undiscountable billing cost recovery fee may apply each billing period in which local or long distance collect calls are billed through a Customer's local exchange carrier. The company will implement this fee based on the arrangement with a specific Correctional Institution. This fee will be charged only once per billing period regardless of the number of calls. The fee will not apply in any billing period in which no collect calls are billed via the Customer's local exchange carrier. This fee does not apply to prepaid services paid for by commercial credit card, check, money order or wire, or for services billed directly to the Customer by the Company.

3.6.2 State Regulatory Recovery Fee

The State Regulatory Recovery Fee assists the Company to recover costs associated with the provision of in state services including state regulatory fees, proceedings and compliance items. The State Regulatory Recovery Fee applies each month in which an end-user accepts in-state calls.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)**3.6 Miscellaneous Rates and Charges, (Cont'd.)**

(N)

3.6.3 Federal Regulatory Recovery Fee

The Federal Regulatory Recovery Fee helps recover costs associated with the provision of state-to-state and international long distance services including the administration of the federal universal service fund (USF), other federal regulatory fees, proceedings and compliance items. The Federal Regulatory Recovery Fee applies each month in which an end-user accepts state-to-state and/or international calls.

3.6.4 Damaged Equipment Cost Recovery Charge

At the request of the correctional facility, this charge will apply to automated collect calls which are placed by inmates of the facility when such calls are provided through the Company's own processing equipment at that facility. The purpose of the charge is to recover the costs of repair to the phone equipment as a result of damage caused by inmates housed at the correctional facility. This charge will apply in addition to all applicable usage charges and operator assistance service charges specified herein.

3.6.5 Voice Verification Service

Voice Verification Service is an optional service that provides validation of the inmate's identity through voice verification technology for purposes of improved security and reduced potential of fraud and Customer harassment by inmates. This charge applies to automated calls placed by inmates of correctional facilities when such calls are provided through the Company's own processing equipment. Where Voice Verification Service is requested by correctional facilities, this charge applies in addition to all applicable institutional rates and charges as specified in this tariff.
